

EBERSPÄCHER HANDIWASH UNIT

D-ACC-90005

At Daltec, we supply the Eberspächer range of mobile handwash units, delivering hot and cold running water wherever it's needed. Compact, easy to install, and available in fully automatic Handiwash and Miniwash versions, they're ideal for customers working in vehicle conversion, vehicle bodybuilding, auto electrical engineering, commercial vehicle workshops, and mobile service applications. Designed for demanding environments, these units provide a practical hygiene solution while helping support occupational health and safety requirements.

Vehicle Types:

PRODUCT BENEFITS:

- High impact housing - moulded from tough, UV-resistant polymers suitable for internal and external applications
- Low power, heavy-duty heater element - using high corrosion-resistant materials and state-of-the-art electronics. The system is also protected by a thermal overload safety device.
- Easy installation - the unit can be easily mounted to any vertical surface and wired to a 12V power source (24V systems available). 12V SMART version available for vehicles with start-stop technology. Optional lift- out bowl available on both models

Product Dimensions
