

300MM LED INTERIOR LIGHT

WIRE CONNECTION (VEHICLE SWITCH) SKU: D-LIG-04001

SWITCH TOUCH (DIM) SKU: D-LIG-04002

INFRARED (PIR) SKU: D-LIG-04003

A compact, high-efficiency LED strobe delivering 680 lumens with a crisp 4000–4500K white output. Designed for demanding automotive and commercial environments, it features a slim profile, durable ADC12 housing, and IP67 protection. Operating on 10–30V, it's ideal for surface-mounted interior or utility applications where reliable illumination is essential.
