

# MERCEDES SPRINTER/ VW CRAFTER REVERSE CAMERA KIT

SKU:D-KIT-0002

## BRAKE LIGHT CAMERA

- Crystal-Clear D1 Resolution: 1000 TVL CMOS sensor delivers sharp, detailed images.
- 170° Wide View: Minimizes blind spots for safer parking and reversing.
- All-Weather Ready: IP69K waterproof with 0.1 Lux low-light night vision.
- Vehicle-Specific Fit: Designed for Mercedes Sprinter (2007+) & VW Crafter (2007–2017).
- Easy Install: Includes 10M cable & 4-pin to RCA adapter for quick 12V setup.
- Certified Quality: E-mark & CE approved to European standards.
- Universal Support: Switchable PAL/NTSC for display compatibility.

## REAR VIEW MIRROR BONDER GLUE

- High-strength adhesive designed for reattaching rearview mirrors to windshields in automotive applications
- Fast-setting and durable bond that withstands vibrations, temperature changes, and daily driving conditions
- Easy to apply and long-lasting for reliable performance
- Ensures the mirror stays firmly in place for maximum safety and visibility

## 7" STALK AHD MIRROR MONITOR 2 CHANNEL

- Stalk mirror monitor that mounts to the windscreen for flexible viewing angles
- Variety of stalks available for customisation to fit different vehicle models
- Supports AHD inputs up to 1080p and D1 resolution for high-quality video output
- Compatible with both PAL and NTSC video formats
- Provides a clear and reliable display without obstructing the driver's view
- Easy installation with no need for additional mounting hardware

## 4 PIN AVIATION CABLE

- Male to Female 4-Pin aviation extension cable
- 10 Meters
- Twist locking for securing joins between cables
