

PVC Tape Pack of 8

SKU:PVC-20B-TP

Ensure safe and reliable electrical insulation with our PVC Electrical Insulating Tape Pack of 8. Manufactured from high-quality matte-finish PVC and coated with a durable rubber-based adhesive, this tape offers excellent adhesion and conformability, making it ideal for a wide range of automotive, commercial vehicle, and electrical applications.

Designed for insulating electrical joints, splices, and cable connections, the tape provides dependable protection while remaining easy to apply around uneven surfaces and wire bundles. Suitable for professional installers, workshops, and maintenance engineers, this versatile tape is an essential addition to any toolbox.

PRODUCT SPECIFICATION

| | |
|----------------------|--------------------------|
| Colour | Black |
| Size | 19mmx20m |
| Quantity | Pack of 8 |
| Approvals | Reach, ROHS, BS EN 60454 |
| Total Thickness: | 4.9 mils (0.125±10%mm) |
| Tensile Strength: | 11 lbs./in. (19.6N/10mm) |
| Elongation at Break: | 150% |
| Dielectric Strength: | 4500 volts |
| Adhesion to Steel: | 14 oz./in. (1.6N/10mm) |
