

TRANSIT CUSTOM BRAKE LIGHT CAMERA KIT (2017+)

D-KIT-0005

BRAKE LIGHT CAMERA

- Superior Clarity: 1080p AHD sensor delivers sharp HD video.
- Wide View: 170° angle reduces blind spots and aids parking.
- All-Weather Ready: IP69K waterproof & low-light (0.1 Lux) performance.
- Vehicle-Specific Fit: Perfect for Ford Transit Custom (Barn Doors, 2012+).
- Easy Setup: Includes 10M cable & RCA adapter (12V).
- Certified Quality: E-mark & CE approved.
- Flexible: Works with PAL & NTSC systems.

7" CLIP OVER AHD MIRROR MONITOR 2 CHANNEL

- 7-inch clip-over mirror monitor that easily attaches to the existing rear view mirror
- Accepts AHD inputs up to 1080p and D1 resolution for high-quality video output
- Supports both PAL and NTSC video formats
- Larger screen size for enhanced visibility and display
- Compact design for seamless integration into the vehicle's interior
- Provides a clear and reliable display without obstructing the rear view mirror
- Easy installation with no need for additional mounting hardware

4 PIN AVIATION CABLE

- Male to Female 4-Pin aviation extension cable
- 10 Meters
- Twist locking for securing joins between cables
